# MESSAGE FROM OUR MAYOR

Welcome to the first issue of *Manningham Matters* for 2022. While it seems we are not over the pandemic yet, I know we are all looking forward to 2022 being a much better year than the last one.

I encourage you to find small ways to stay connected to those around you and continue to #BeKind to your community and yourselves. You can read about a great example of kindness in our community on page 3.

On looking to the future, we've recently adopted new climate mitigation targets to ensure a sustainable future for our community. We're passionate about our responsibility to future generations and the importance of climate action as raised by the recent community panel.

We're working towards net zero emissions by 2028 for Council operations and net zero emissions by 2035 for the Manningham community. Find out what this means on pages 8 and 9.

On Tuesday 8 March we will be celebrating International Women's Day with a free morning tea. This year's theme is #BreakTheBias. Together we're working toward a gender equal world - free of bias, stereotypes and discrimination. A world that's diverse, equitable, and inclusive. A world where difference is valued and celebrated.

Together we can forge women's equality, collectively we can all #BreakTheBias.

Shelley Ware, a proud Yankunyatjara and Wirangu woman and radio and television presenter, will facilitate the event. Shelley presents on both local and national AFL football news, and is also passionate about women in sport, Aboriginal issues, and childhood education.

There will be a lively panel discussion with women reflecting Manningham's diverse communities including; Asherly Bradac (disability advocate / Manningham Disability Advisory Committee) Varvara Ioannou (Food For Thought Network), Sally Goldner (Transgender Victoria) and Aunty Irene Norman (Mullum Mullum Gathering Place). You can read more on the back page of this issue.

Warm regards,

Cr Michelle Kleinert  
Mayor

# It's a dog's life

Manningham is a great place to be a dog. With so many dog friendly parks and trails there's no end to the outdoor adventures.

Here are a few favourites:

### RUFFEY LAKE PARK, VICTORIA STREET TEMPLESTOWE

Ruffey Lake Park is where doggy dreams come true, with plenty of walking tracks and lots of grass to run through. And your four legged friends can refresh at one of the pet friendly drinking fountains, after all that running.

With playgrounds, barbecues, picnic tables and toilets – it is also a great place for the humans. All in all it's a great outing for the whole family.

Fences protect vegetation in the park, so please remember to keep your dog out of these areas.

[manningham.vic.gov.au/ruffey-lake-park](https://manningham.vic.gov.au/ruffey-lake-park)

### ARANGA RESERVE, EASTWAY AVENUE DONVALE

This fenced dog activity centre helps keep your dog safe as they socialise with the other dogs.

Energetic puppies can jump, crawl and climb the agility equipment at Aranga Reserve.

Make it a family outing and bring a picnic to eat at the nearby picnic tables - there's a playground for the kids too.

ABOVE: Called Whiskey because he is a good liquor, Bruce Ferrall.

### WARRANTYTE RIVER RESERVE, YARRA STREET WARRANTYTE

Sit by the tranquil and picturesque Yarra River and watch the world go by. Or explore the walking trail with your dog and enjoy the natural bush area.

Finish your day with a treat at one of the many local cafes - a great day out for humans and dogs.

[manningham.vic.gov.au/warrantyte-river-reserve](https://manningham.vic.gov.au/warrantyte-river-reserve)

### FINNS RESERVE, CORNER UNION STREET TEMPLESTOWE LOWER

Bushland trails let you and your dog be one with nature and keep away from the hustle and bustle of the streets.

In open spaces near Wombat Bend enjoy a game of fetch or tug of war.

## Being Kind in Manningham

When Peter Norman's wife collapsed from heat stroke at the start of December, the kindness of our community was once again on show.

While celebrating her U3A end of year function at Ruffey Lake Park, Mrs Norman began to feel unwell and ended up having to go by ambulance to Box Hill Hospital.

As her possessions were being collected before the ambulance left for the hospital her treasured wrist watch was dropped in the carpark. Thankfully, an honest and thoughtful person found the wrist watch and handed it into the Doncaster Police station the next day. Mrs Norman was delighted to have her watch back and was extremely grateful for its return.

The Normans would like to pass along their thanks to this kind member of community.

## Transitioning into teenagers at Kevin Heinze Grow

Settling into a new year at high school is never easy.

Many students find it challenging to adjust from summer holidays back into the busyness and routine of the school day. Those in senior years may also face pressure deciding what to do after their time at school.

At Kevin Heinze Grow, the Teenage Transition program supports teenagers with disabilities to navigate these challenges. In small groups, supported by a qualified Social Worker, students take part in interesting, creative and therapeutic activities. This is a modified version of the regular Grow program (which caters to school-leavers and adults).

Teenage Transition takes place on weekdays in the peaceful garden setting at Kevin Heinze Grow in Doncaster. The program runs one or two days per week from 3.30pm to 5.30pm. It offers participants a chance to 'get a feel' for their programs and activities.

The program helps develop resilience and encourages well being, social skills, and teamwork to carry over to school and beyond.

## Ash Firebrace brightens up Manningham

When you're next visiting the Manningham Civic Centre, you'll find a new addition hanging on the wall.

Painted by Ash Firebrace, we commissioned this work as part of this year's National Reconciliation Week exhibition at Manningham Art Gallery.

Throughout lockdown last year, Ash used a muted black, white and gold colour palette to produce many depictions of Wurundjeri Woi-wurrung ancestral beings and deities in his powerful graphic style.

These formed the large body of work in Ash's exhibition, *Myths and Legends*. He adapted them to feature in this large work where they sit against a vivid orange background. Ash's images capture their subject's form simply, elegantly and joyfully. He adorns them with discrete but intermingling patterns and areas of hatching to convey limbs, feathers, muscles and other features.

While reminiscent of his mural work, the drawings are also an intimate and beguiling glimpse into the artist's working method, cultural heritage and expression of identity.

This work will now be permanently in the Civic Centre foyer and is an attention-commanding articulation of Wurundjeri Woi-wurrung visual culture.

It highlights the significance of Wurundjeri people and culture to the Manningham area historically and into the future. The work is a major contribution to the Manningham Art Collection.

Many thanks to the Ash Firebrace and his sister Michelle Mills, Deltalucille Freedman and the Wurundjeri Woi Wurrung Cultural Heritage Aboriginal Corporation for enabling and assisting with this commission.

# Our ambitious climate targets for Manningham

With new climate mitigation targets recently adopted by Council, we're ensuring a sustainable future for our community. We're passionate about our responsibility to future generations and the importance of climate action raised at the recent community panel.

## The targets adopted by Council were:

'Net zero' means achieving a balance between greenhouse gas emissions produced and greenhouse gas emissions taken out of the atmosphere.

These aspirational targets are well ahead of targets that the Victorian and Federal Governments have set. The Victorian State Government has announced community targets for a 45-50% reduction on the 2005 level of emissions by 2030, and net zero by 2050. The Federal Government is working towards net zero by 2050.

We are proud our Council and community are leading the way towards a more sustainable future. These targets will result in significant and wide-ranging benefits for our community.

We've already been busy introducing a range of initiatives to reduce greenhouse gas emissions over the last decade here at Council, including:

-  **Energy efficient streetlights**
-  **A low emission Council transport fleet**
-  **Solar power**
-  **Green power purchasing and a wind-powered electricity supply through the Victorian Energy Collaboration (VECO)**

The new climate mitigation targets will need a range of new actions to reduce Council and community emissions to meet the targets set for 2028 and 2035. All actions are determined based on being best value, economically prudent, environmentally viable and technically proven.

## From 2022, the first steps towards achieving the targets will involve considering:

-  **Expanding the VECO program to switch more of Council's electricity accounts across to emissions-free wind-powered electricity**
-  **Switching main roads streetlights to energy efficient light emitting diodes (LEDs). We have already upgraded 8,000 streetlights to energy efficient lights including LEDs.**

These actions are part of our draft Climate Emergency Action Plan. This plan will go out for community consultation in March 2022 and then formally adopted by Council in mid/late 2022.

Find out about our work towards climate mitigation [manningham.vic.gov.au/reducing-council-emissions](https://manningham.vic.gov.au/reducing-council-emissions)

## What can you do to contribute to net zero emissions?

You can contribute to global net zero at home by investigating your home's suitability for rooftop solar. If you need more information, you can get free energy advice from our partner organisation Australian Energy Foundation (AEF). You can call AEF on 1300 23 68 55 to see if your home is suitable for solar or book a consultation at a time that suits you at

[aef.com.au/bookings](https://aef.com.au/bookings)

AEF will be able to give you information about:

-  Solar panel rebates of up to \$1,400 and interest-free loans for the same amount – also available for renters
-  \$1,000 heating and cooling rebates for low-income and vulnerable households
-  In-home energy monitoring devices
-  Efficient cooling in summer

## What we've already achieved...

### Energy efficient streetlights

Upgraded 8,000 streetlights to energy efficient lights including LEDs.

Emissions reduction is equivalent to taking more than 300 cars off the road for an entire year.

### Solar power

Roof top solar systems installed at:

-  Mullum Mullum Stadium
-  Council Depot
-  The Pines Learning and Activity Centre
-  Ted Ajani Community Hall

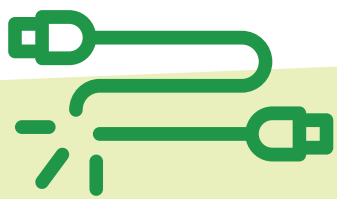

### Low emission Council transport fleet

Converted 41 vehicles to hybrid-electric (38 cars and 3 small trucks)

Converted 4 vehicles to full-electric

14 electric vehicle chargers installed to power these vehicles

We want to make sure the voices of older Manningham residents and the organisations supporting them, are involved. ## IN BRIEF

### FIRE DANGER PERIOD

The CFA has now declared a Fire Danger Period which started on Monday 10 January and will run into March. A Fire Danger Period is not the same thing as a total fire ban. This is to help prevent fires from starting, especially when weather conditions are hot and dry.

Once the Fire Danger Period has been declared, fire restrictions come into force. This means you cannot light a fire in the open air unless you have a permit or comply with certain requirements.

Make sure you understand your fire risk and know what to do before and during a fire.

### 今年夏天做好應急準備

確保您和您的家人為緊急情況做好準備。

寫一個應急計劃，並與您的家人和鄰居一起練習。把一份計劃書的副本放在家中易於取用的地方，並在您的智能設備上保存一份備份副本。也要為您的寵物制定計劃。

在壓力下會有困難找到必需品，所以要預備一個家庭應急包，將關鍵物品放在一個地方。對於您的應急包，要考慮您在離開後至

少 72 小時內所需要的物品。

### Smaltimento dei rifiuti del giardino

Durante tutto l'anno organizzeremo giornate per lo smaltimento dei rifiuti del giardino per aiutare le comunità nelle aree soggette a incendi a ripulire le loro proprietà. La prenotazione è essenziale e ti verrà richiesto di mostrare la prova della residenza il giorno stesso. Per trovare le date del 2022, controlla se sei idoneo, fissa una prenotazione o vedi quali articoli accetteremo e non accetteremo. Visita [manningham.vic.gov.au/garden-waste-disposal-days](http://manningham.vic.gov.au/garden-waste-disposal-days)

### Richiedi una sovvenzione comunitaria

Aiutiamo gruppi e organizzazioni senza scopo di lucro a fornire programmi e attività alla nostra comunità attraverso il nostro programma di sovvenzioni comunitarie. Il programma è ora aperto per le applicazioni. Per ulteriori informazioni sul programma di sovvenzioni comunitarie 2022 e per verificare la tua idoneità, visita [manningham.vic.gov.au/community-grant-program](http://manningham.vic.gov.au/community-grant-program)

### Preparati alle emergenze quest'estate

Assicurati che tu e la tua famiglia siate preparati per un'emergenza.

Scrivi un piano di emergenza e mettilo in pratica con la tua famiglia e i tuoi vicini. Conserva una copia scritta del tuo piano in un luogo della casa facilmente accessibile e una copia di backup sul tuo dispositivo smart. Assicurati di avere un piano anche per i tuoi animali domestici.

Può essere difficile individuare gli elementi essenziali quando sei sotto stress. Costruisci un kit di emergenza per la tua casa con gli elementi chiave in un posto unico. Per il tuo kit, pensa agli oggetti di cui avresti bisogno se fossi via da casa per almeno 72 ore.

Διασφαλίστε ότι εσείς και η οικογένειά σας είστε προετοιμασμένοι για περιστατικά έκτακτης ανάγκης.

Συντάξτε ένα σχέδιο έκτακτης ανάγκης και εξασκείστε το με την οικογένεια και τους γείτονές σας. Κρατήστε ένα γραπτό αντίτυπο του σχεδίου σας σε ένα εύκολα προσβάσιμο μέρος στο σπίτι σας και ένα αντίγραφο ασφαλείας στην έξυπνη συσκευή σας. Διασφαλίστε ότι έχετε σχέδιο για τα κατοικίδια σας.

Μπορεί να δυσκολευτείτε να εντοπίσετε απαραίτητα πράγματα σε κατάσταση άγχους. Ετοιμάστε ένα κουτί έκτακτης ανάγκης για το σπίτι σας με βασικά πράγματα σε ένα μέρος. Για το κουτί σας, σκεφτείτε τα πράγματα που θα χρειαζόσασταν εάν θα φεύγατε για τουλάχιστον 72 ώρες.

# Breaking the Bias this IWD

International Women's Day (IWD) is a global celebration to commemorate the cultural, political, and socioeconomic achievements of women.

This year's theme is #BreakTheBias. Together we're working towards a gender equal world - free of bias, stereotypes and discrimination. A world that's diverse, equitable and inclusive. A world where difference is valued and celebrated. Together, we can forge women's equality and collectively we can all #BreakTheBias.

The event will be facilitated by Shelley Ware, a proud Yankunyjatjara and Wirangu woman. Shelley is a radio and television presenter on both local and national AFL football news, and is also passionate about women in sport, Aboriginal issues, and childhood education. There will be a lively panel discussion with women reflecting Manningham's diverse communities including; Asherly Bradac (disability advocate / Manningham Disability Advisory Committee) Varvara Ioannou (Food For Thought Network), Sally Goldner (Transgender Victoria) and Auntie Irene Norman (Mullum Mullum Gathering Place).

This free event will include morning tea.

Please note that due to COVID-19 places are limited and all attendees must be fully vaccinated to attend.
